

E.ON Inhouse Consulting (ECON) is the internal management consultancy of the E.ON Group and the preferred partner of E.ON's top management. With more than 80 consultants located in Essen, ECON combines state-of-the-art consulting methodologies, comprehensive functional and industry expertise, deep E.ON insights and experience with a practical approach to building capabilities and delivering real impact. Working with ECON offers you: a challenging learning environment in consulting, excellent career prospects as well as a great team experience.

We are looking for Visiting Consultants (m/f)

Responsibilities

As an Intern you are integral part of an ECON project team and you will contribute to one of ECON's projects by taking responsibility for a discrete part of the problem-solving including:

- Conducting primary and secondary research
- Gathering and analyzing data
- Developing fresh ideas and insights
- Synthesizing conclusions and developing recommendations
- Delivering value through direct exposure to E.ON's top management
- Learning experience of top management consulting
- Building client capabilities to sustain results in the long run

At the end of the Internship we will offer our outstanding Interns the opportunity to kick-start a full-time career with us.

Qualifications

- Hold an excellent Bachelor's degree at the time of the Internship or is currently enrolled as a graduate student pursuing either a Master's or PhD in economics, engineering or science with top grades in especially analytically-oriented subjects
- Fluent in English, willingness to learn German
- International experience, ideally studies or internships abroad
- Advanced analytical and strong problem-solving capabilities
- Excellent communication skills as well as strong team orientation
- Willingness to travel to our national and international client sites

We look forward to receiving your application!

Please apply online via our homepage and provide your application documents in English (motivation letter, CV and certificates).

E.ON is committed to Equal Opportunities.
